ADOPTION OF  
RESOLUTION  
NO. 840, 2014

Chairman and Members  
Board of Water Supply  
City and County of Honolulu  
Honolulu, Hawaii 96843

Chairman and Members:

Subject: Adoption of Resolution No. 840, 2014, Acceptance of Gifts to the Board of Water Supply from Various Donors in Support of the 2014 Water Conservation Week Program

We recommend acceptance of the proposed gifts to the Board of Water Supply (BWS), City and County of Honolulu, from various donors in support of our 2014 Water Conservation Week (WCW) Program. The donors' total value of these gifts is \$5,000.00:

<u>Donor Name</u>	<u>Amount</u>
Hawaii Energy	\$ 2,000.00
Friends of Halawa Xeriscape Garden	\$ 2,000.00
Alexander and Baldwin Foundation	\$ 1,000.00

The BWS's WCW program is a successful and dynamic public education campaign that promotes the importance of water efficiency to Oahu's students in grades Kindergarten through 12. Studies show that when students are taught good water management and conservation practices at an early age, they are more likely to embrace a water-efficient lifestyle, help encourage their parents to do the same, and later pass on these practices to their own children. The BWS hopes to perpetuate this through our contests.

The donations from these private companies will help the BWS offset program costs that include the printing of 20,000 copies of the 2015 Water Conservation Calendars that feature the 2014 winning entries, as well as an awards ceremony for winners and honorable mentions of the 2014 WCW Poster and Poetry contests. The calendars are distributed to all Oahu schools, elected officials, and the general public. BWS staff will continue to seek additional sponsorships and support for the WCW program.

We deeply appreciate the continued support of this Board for this very valuable and worthwhile public education program. All participants in our WCW program are encouraged to always embrace their roles as responsible stewards of our precious water resource.

Respectfully submitted,

/s/ ERNEST Y. W. LAU, P.E.  
Manager and Chief Engineer

RESOLUTION NO. 840, 2014

ACCEPTANCE OF GIFTS TO THE BOARD OF WATER SUPPLY  
FROM VARIOUS DONORS IN SUPPORT OF THE  
2014 WATER CONSERVATION WEEK PROGRAM

WHEREAS, the Board of Water Supply's (BWS) Water Conservation Week program is an annual activity that uses a poster and poetry contest to educate Oahu's youth about the importance of using water efficiently and features the winning and honorable mention entries in an annual Water Conservation Calendar; and

WHEREAS, the BWS may solicit gifts to the Department as long as it does not provide special consideration, treatment, advantage, privilege, or exemption for or coerces a potential donor; and

WHEREAS, the BWS will solicit for gifts on its agency website, which is available for access by any interested person or business; and

WHEREAS, Hawaii Energy, Friends of Halawa Xeriscape Garden, and Alexander and Baldwin Foundation are offering gifts totaling \$5,000.00 in support of the 2014 Water Conservation Week program; and

WHEREAS, a gift to the BWS is beneficial because it promotes and assists public programs such as the BWS's Water Conservation Week public education program and reduces the need for expenditure of ratepayer funds to support the program's key components; and

WHEREAS, the gifts will be used to offset reasonable and necessary costs of the printing and delivery of 20,000 Water Conservation Calendars featuring the contests' winning entries, as well as an awards ceremony to recognize the winning students and honorable mentions; now, therefore,

BE IT RESOLVED that the Board of Water Supply hereby accepts the various gifts valued at \$5,000.00 and directs the Manager and Chief Engineer, or his delegate, to accept and thank the various donors for these gifts.

AMEND  
BYLAWS OF  
THE BOARD  
OF WATER  
SUPPLY

Chairman and Members  
Board of Water Supply  
City and County of Honolulu  
Honolulu, Hawaii 96843

Chairman and Members:

Subject: Amend Articles III (Organization), IV (Meetings), VII (Duties of Officers), IX (Recording Secretary) Bylaws of the  
Board of Water Supply, City and County of Honolulu

Proposed amendments to the Bylaws of the Board of Water Supply are attached for the Board's consideration. According to Article XIII of the Bylaws, the Bylaws "may be amended or repealed in a manner not inconsistent with the Charter of the City and County of Honolulu or other laws by a majority vote of the members."

All proposed amendments were reviewed by the Board's Deputy Corporation Counsel.

In summary, the proposed amendments are to Articles III, IV, VII, IX of the Bylaws as follows:

Article III (Organization)

This proposed amendment will make the positions of "Chairman" and "Vice-Chairman" gender-neutral, by changing it to "Chair" and "Vice-Chair", respectively.

Article IV Meetings, Section 1 (Time and Place)

This proposed amendment changes the date of the Regular monthly meetings of the Board from the fourth "Thursday" to the fourth "Monday."

Article IV Meetings, Section 2 (Special Meetings)

This proposed amendment will change "Chairman" to "Chair" to make it gender-neutral.

Article IV Meetings, Section 3 (Notices)

This proposed amendment would change the notification of Board members of meetings from being mailed or communicated by telephone to require notification "electronically" mailed or by "electronic mail." It will also require notification of meetings to be done at least "two" weeks prior, except as otherwise necessitated by emergency conditions

Article VII (Duties of Officers)

The proposed amendments are to change references from "Chairman" and "Vice-Chairman" to be gender-neutral, by changing it to "Chair" and "Vice-Chair", respectively.

Article IX (Recording Secretary)

The proposed amendments recognize that the position of Recording Secretary can be held by either gender.

Respectfully submitted,

/s/ ERNEST Y. W. LAU, P.E.  
Manager and Chief Engineer

DISCUSSION:

Chair Miyashiro explained that these amendments were made by him and Mr. Lau after recent review of the Bylaws. Mr. Miyashiro asked the Board if they had any other proposed amendments, and the Board had none.

Vice Chair Cypher inquired about Article IV Meetings, Section 3 Notices. She stated that at the beginning of each year, they receive a schedule of the Board meetings for that entire year. She asked if this satisfies the requirement of notifying each Board member at least two weeks prior to the meetings. Deputy Corporation Counsel Krishna Jayaram replied that the yearly schedule would satisfy this requirement, but it would also cover any other special meeting or workshop that the Manager and Chief Engineer or the Chair may schedule.

TOPICS FOR  
FUTURE  
BOARD  
MEETINGS

Chairman and Members  
Board of Water Supply  
City and County of Honolulu  
Honolulu, Hawaii 96843

Chairman and Members:

Subject: Topics for Future Board Meetings

We would like to take this time to allow the members of the Board to inform us of any topic or concern pertaining to Board of Water Supply operations that the Board would want addressed at future Board Meetings.

There is one pending topic that was requested by the Board, which is the effects of sea level rise to BWS's operations, which will be presented at the March 24, 2014 Board meeting.

Respectfully submitted,

/s/ ERNEST Y. W. LAU, P.E.  
Manager and Chief Engineer"

DISCUSSION:

Ms. Cypher asked if there was a running list of items that the Board requested as topics for future meetings. Mr. Lau replied that he did not have that list with him. Mr. Miyashiro reminded the Board that they can contact him or Mr. Lau directly if they would like an item included on the agenda.

Ms. Cypher requested an update on the U.S. Navy's Red Hill Bulk Fuel Storage leak, and would like to know if there is any leakage into the groundwater.

Dan Purcell, a member of the public, requested to comment on the Americans with Disabilities Act (ADA) in regards to the sidewalks that access the Board of Water Supply building. Mr. Miyashiro asked Mr. Purcell to take the podium, state his name and to limit his testimony to three minutes.

The following is verbal testimony by Mr. Dan Purcell:

"Dan Purcell. On my way over here today I was carting a device with wheels on it, and I became acutely aware of the fact that your sidewalks along the side street are inaccessible to anyone with any kind of ADA issue. They have no slopes whatsoever so anyone coming along your building going up the street or coming along your building into your building cannot get in here. The only really obvious way is from the parking lot. There's one spot coming in from one parking spot into the building. Even people over by the Capitol or parking elsewhere doing other things, there's no way to access it. Your building's been here a long time. I realize that but it's a sort of thing, it's just a, at some point I'd think you would try to address it, put in some type of a plan and get those fixed, get people in here that need them. I know it's a huge inconvenience and they don't often ask for that sort of thing, but I know people are inconvenienced by it. And secondly, it's kind of an off the wall thing, but since I've been coming to these meetings, I've been looking at this stuff up in the lights up here and I almost want to offer to clean it up myself. And it's a sort of thing, it's like if you don't have someone tasked on a regular basis to either replace the bulbs or someone tasked with something, but if it's even directly over your own Board meetings and I see it, makes me wonder what else are things not tasked or systems or procedures aren't placed that just seem to fall through the cracks, and obviously there are a lot of cracks in the system so. I mean I'd offer to climb up on a ladder with a chair after the meeting and clean it out. Thank you."

Mr. Miyashiro thanked Mr. Purcell for his comments and urged Mr. Lau to look into the two items raised by Mr. Purcell. Mr. Lau thanked Mr. Purcell for his comments and stated that he would follow up.

2014  
LEGISLATIVE  
UPDATE

Chairman and Members  
Board of Water Supply  
City and County of Honolulu  
Honolulu, Hawaii 96843

Chairman and Members:

Subject: 2014 Legislative Update of the State of Hawaii  
Legislative Session

The Board of Water Supply (BWS) Legislative review process for each legislative session is to identify bills that may have an impact on BWS and prepare for and submit testimony.

During each legislative session, approximately 2000 bills are introduced in each chamber. We have identified and are monitoring approximately 260 bills that may impact BWS. We coordinated responses with the City administration and participated in their third-party legislative tracking system. The bills that we have identified fall into general categories of procurement, personnel, environment, government, transportation, insurance, public lands, and employee benefits. Attached for your information is a list of bills that we are currently tracking.

To date, we have testified in support of, with suggested amendments on Senate Bill 3094, relating to Counties, which empowers the Counties to impose and enforce liens on unpaid water and sewer bills. This bill has passed out of committee with amendments.

We have also provided testimony in opposition to House Bill 1969, relating to water royalties, that would enable the State to assess a one dollar royalty for every 1000 gallons pumped from the State's aquifer. The committee has recommended deferral of this bill.

We will continue to monitor the bills as they progress through the legislative process and provide updates to the Board as necessary.

Respectfully submitted,

Manager and Chief Engineer

The foregoing was for information only.

DISCUSSION:

Chief Financial Officer Paul Kikuchi briefed the Board on the 2014 legislative session. Mr. Kikuchi informed the Board that Mr. Lau testified on Senate Bill 3094, suggesting amendments to remove the dollar threshold for the imposition and enforcement of liens and to eliminate the paragraph referencing the counties abilities to take over State water systems. The Committee on Public Safety, Intergovernmental and Military Affairs accepted those amendments and passed the bill out of committee. Mr. Lau responded to Board Member McMurdo's inquiry stating that Senator Gilbert Kahele introduced Senate Bill 3094. Mr. Kikuchi also informed the Board that Mr. Lau submitted testimony opposing House Bill 1969, and the Committee on Water and Land deferred that bill.

Mr. Lau stated that the Department participates in the City's legislative tracking system, which gives Mr. Kikuchi access to the various bills and their history. He added that Mr. Kikuchi is also in contact with the other county water departments' legislative coordinators to cover all bases. Mr. Lau informed the Board that the Senate and House are having a joint informational briefing on the bulk fuel storage facility in Red Hill, and they have asked BWS to participate in the briefing. It will be held on March 7, 2014.

Board of Water Supply 2/19/2014

## ITEM FOR INFORMATION NO. 2

### CUSTOMER INFORMATION SYSTEM (CC&B) PROJECT UPDATE

#### DISCUSSION:

Information Technology Program Administrator Henderson Nuuhiwa presented the CC&B update. Following the presentation, Board Member McMurdo inquired about the status of the customer call wait times and estimated bills. Mr. Nuuhiwa replied that from about February, the maximum wait time is about five minutes, but the average is about two minutes or less. About 2,500 bills are being estimated, which is less than two percent of the account base. Currently, the system is set up so that it will not estimate after two consecutive months of estimation. Mr. Lau responded to Ms. McMurdo's inquiry stating that estimation will never be eliminated 100 percent. There will always be some level of estimation due to the inability to read the meter, malfunction of the meter, etc. Ms. Cypher inquired if estimated bills are common nationwide, and Mr. Lau responded that it is. Ms. McMurdo asked if a study was done to find out why some bills continue to get estimated. Mr. Lau responded by saying that this is an ongoing challenge and they are still trying to investigate and discover the root cause. Ms. McMurdo requested that this be a topic for a future Board meeting. Mr. Lau stated that they still face challenges with the Automatic Meter Reading (AMR) System, so he is not ready to bring this to the Board until he has a better understanding of the situation and what needs to be done to correct this problem. Ms. McMurdo expressed her concern about the continuing problem with the AMR System. Ms. McMurdo asked if BWS took care of all of the customers who experienced huge bills. Mr. Lau responded that they took care of most of them, but there may be a few that haven't been resolved yet. Ms. McMurdo asked how many haven't been resolved, but Mr. Lau replied that he didn't have a number at this time. Mr. Miyashiro inquired what the percentage of estimated bills was under the old Customer Accounting System (CAS). Mr. Nuuhiwa stated that it was about 5-6 percent, however, it wouldn't be a fair comparison with the CC&B System. Mr. Nuuhiwa explained that in CAS, if a bill was kicked out for some reason and required a manual review to be done, and if the manual review wasn't done, the system would bill as actual and not be estimated like it does in CC&B.

Mr. Miyashiro inquired about the FY15 Objectives, Change to Estimated Algorithm, and asked if that referred to the software designed to do the bill estimates. He also asked if the Request for Proposals (RFP) look for software, vendors, or both. Mr. Nuuhiwa replied that the change to estimated algorithm does refer to the software and that the RFP would not be for the software but for the services. Mr. Miyashiro asked who the vendor was that did the work for the estimation algorithm. Mr. Nuuhiwa replied that it was packaged so that when it was implemented, they used the base product in the Oracle package, and now they are going to customize it to change the way the estimates are done.

Mr. Nuuhiwa responded to Ms. McMurdo stating that a Request for Change occurs when the user groups (BWS, Department of Environmental Services, Maui Water Department, and Kauai Water Department) require a change in the system.

Mr. Nuuhiwa responded to Board Member Wong's inquiry by stating that there are eight people in the Application Systems Development (ASD) group and the optimum amount he would like would be to add four more in the next fiscal year, then an additional three or four. Mr. Lau explained that the ASD group supports four major applications and other systems in the Department, so more staff is needed. Mr. Wong expressed his concern that there are not enough people to support these plans, so he encouraged the Department to budget the positions to get people they need to get their goals accomplished.

Mr. Lau thanked Mr. Wong and introduced the new Executive Support Officer Clayton Shimazu who will be responsible for putting together the budget by working with the divisions to make sure things are justified and have a good, sound business case. Mr. Lau added that they have reestablished the Management and Budget Office, that was dismantled over 10 years ago, which will be headed by Mr. Shimazu.

With the constant rise and change in technology, Ms. McMurdo questioned if it was more cost effective to hire internally or to hire consultants. Mr. Nuuhiwa replied that this has always been a challenge, but he feels that the core system that runs the organization comes from the skills and knowledge from in-house people. Mr. Nuuhiwa feels that it is okay to supplement with consultants but should not rely on them for the core business. Ms. Cypher commented that some things in managing the system remain constant and some are constantly changing so that would justify having a hybrid in the operations. Mr. Lau thanked the Board for their feedback.

# Background

- 💧 Go-Live January 2013
- 💧 Currently in a “Stabilization Period”
- 💧 Consultant Support

- 💧 Contracted through FY14

# FY14 Objectives

- 💧 Maintain or improve upon current levels of system reliability
  - 💧 Transition from Consultants to BWS staff (IT and User Divisions) and Partners (ENV, Maui, Kauai) to enable BWS IT to independently support day to day operations of the CC&B system
  - 💧 Increase in training and work activities toward this goal
- 

# Keys to Success

- 💧 Manage demand for services
- 💧 Handoff non-IT responsibilities
- 💧 Implement IT operational support procedures
- 💧 Increase IT staffing and transition from consultants

JOURNEY to SUCCESS

# Action Items

- Manage Demand For Services
  - Moratorium on all changes through FY14
  - Excludes (Regulatory, Rates and Directives);
    - Rate Changes
    - Consumer Confidence Report (CCR), etc.
    - Audit Support
    - Management/UIPA Requests for Data and Information

# Action Items

- ◆ Handoff non-IT responsibilities
  - ◆ Day to day work currently being supported by the IT project team, such as;
    - ◆ Initial issue triage
    - ◆ Monitoring metrics, workload and QA
    - ◆ Addressing billing/account related issues (e.g. correcting mis-matched meters and components)
    - ◆ Transfer to Customer Care, Finance Pre-Audit, Meter Reading, Partners (ENV, Maui and Kauai), etc., as appropriate

# Action Items

ITEM FOR INFORMATION NO. 3

## Positions Filled January 1, 2013 through January 31, 2014

## Cumulative Totals January 1, 2013 through January 31, 2014

DISCUSSION:

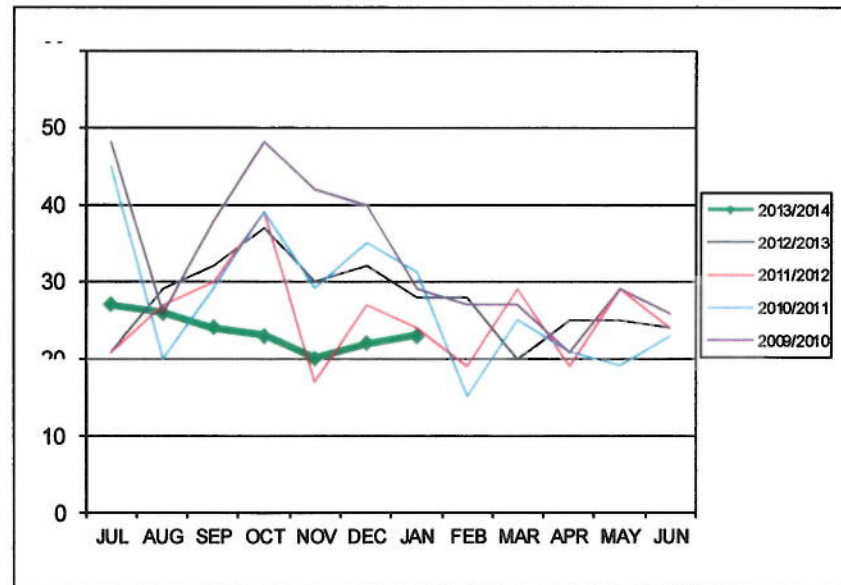

Karen Tom from the Human Resources Office informed the Board that in January divisions were interviewing or completed interviewing for 27 positions, and they are currently working on interview questions for 13 more positions. Ms. Cypher inquired if Ms. Tom knew how many people are eligible to retire within five years, and Ms. Tom responded that they have that information, but she could not remember the percent of employees. Ms. Cypher commented that some employees retire earlier than they need to so if there is some way to retain them since they have so much institutional knowledge. Ms. Tom stated that eligible employees continue to work for some time after they reach eligibility to retire so that has not been an issue.

Mr. Miyashiro asked the Board if they find this report useful every month, and the Board responded that they do.

**Bold \*** - Pro-active Leak Repair

24.1 miles of pipelines were surveyed by the Leak Detection Team  
in the month of January

**DISCUSSION:**

Field Operations Program Administrator Daryl Hiromoto informed the Board that the breaks are still ranging in the low 20's. Mr. Lau pointed out the big swings in main breaks in previous years on the graph, compared to this fiscal year where the number of breaks trend in the 20's. Mr. Lau feels that this is due to the efforts in trying to optimize the system by managing pressures. Mr. Hiromoto replied to Ms. McMurdo's inquiry stating that they began managing pressures about the middle part of 2013. Mr. Hiromoto replied to Ms. Cypher's inquiry stating that they do have contingency plans in place in case breaks occur in critical locations such as hospitals, where water service cannot be interrupted.

GROUNDWATER  
LEVELS

Chairman and Members  
Board of Water Supply  
City and County of Honolulu  
Honolulu, Hawaii 96843

Chairman and Members:

Subject: Status Update of Groundwater Levels at All Index  
Stations

There is one aquifer index well within low groundwater status for the production week that ended on February 8, 2014. Kaimuki is under an alert status. The weekly production average for the period was 118.69 million gallons per day.

The Board of Water Supply rainfall index for the month of January 2014 was 78 percent of normal, with a 5-month moving average of 78 percent. The Hawaii Drought Monitor indicates no abnormally dry conditions for Oahu, as of February 11, 2014. The National Weather Service is forecasting above normal rainfall through April 2014. Index monitor wells are indicating a normal seasonal recovery in head levels.

Respectfully submitted,

/s/ ERNEST Y. W. LAU, P.E.  
Manager and Chief Engineer

The foregoing was for information only.

DISCUSSION:

Ms. Cypher inquired if Kaimuki will be worse during the summer. Mr. Usagawa replied that the pumpage is within the permitted use and he expects that in the summer, it would probably still stay in alert status. He stated that during the dry season, they monitor the index wells to assure that the sources are protected from over pumping.
